

Full Moon Soup

Something strange is going on here! Children will really have to keep their eyes open if they want to see all the weird and wacky goings-on at the Hotel Splendide. That's because the full moon seems to be having a peculiar effect on the hotel's guests and staff: a portrait is being very rude, the maids getting sucked up by a vacuum cleaner, and the sausages have grown feet! Every spread provides a deliciously open, comic view of the hijinks, while the rhyming text directs kids attention to some of the crazier antics. Young readers will have hours of enjoyment searching the incredibly detailed illustrations.
