

## In the Dark of the Night

Its bedtime, but in the warmth of the den, a young wolf cub cannot sleep. Papa Wolf knows why: the time has come to take his cub out into the dark night. As they walk deeper into the woods, Papa Wolf soothes his young sons fears away. And when they reach the top of the world, he shows how big wolves make the night their own and that the cub, too, is now part of the night. Magical watercolor illustrations of the wolves and their forest home are the perfect complement to this enchanting read-aloud story.
