

Dear Mr. Leprechaun: Letters from My First Friendship

The first friend I ever had was a leprechaun. We used to write to each other. I would leave notes for him at bedtime. In the morning, I would find his answer. So begins this true account of an enchanting correspondence that would last for seven years, and a friendship that would last a lifetime. The original childhood notes of Martin Nelson Burton and the warm, fatherly replies of Mr. Leprechaun spring to life in Clint Hansens breathtaking paper sculpture world.
