

## Creepy-Crawlies: A 3D Pocket Guide (Panorama Pops)

Unfold five feet of creepy-crawliness and explore twelve of the world's most impressive arthropods. They can live anywhere on earth. There are more than a million different species. And while they may have no backbone, their hard outsides give them plenty of staying power! Here are a dozen favorites: the European praying mantis, the Asian giant hornet, the Arizona bark scorpion, the stag beetle, the Mexican red-kneed tarantula, the army ant, the American cockroach, the atlas moth, the anopheles mosquito, the North American millipede, the giant weta, and the pill woodlouse. Crawling with bold, colorful illustrations and fun facts, this cleverly designed, accordion-style guide will hold bug enthusiasts in its thrall.
