

# Bye-Bye Moon: A Bedtime Story

With its light-hearted approach to the bedtime issue that is contentious in many households, Bye-Bye Moon is a story sure to delight children who fuss about going to bed at night and the tired parents who tuck them in. Every night, Lisa Natasha and Little Neil beg to stay up late and skip going to bed. Then one day, a magical creature makes their dreams come true by taking away the moon so the night disappears! But the sunshine can't make up for the grumpy, sleep-deprived world that takes its place. It's up to the two siblings to figure out a way to bring back the night so they can sleep and the world can return to normal.
