

# Leading the Lean Initiative: Straight Talk on Cultivating Support and Buy-in (Manufacturing/Leadership)

In his latest offering, John Davis tackles the human side of a lean initiative -- cultivating a lean culture and gaining employee buy-in. How managers deal with these issues will ultimately determine their success. *Leading the Lean Initiative: Straight Talk on Cultivating Support and Buy-in* shows you how to lead a lean effort and effectively manage change. It is a practical manual for the new manager. Though directed at plant managers, and specifically those new to their jobs, this book benefits anyone taking on a leadership role. Davis provides complete direction on the crucial first steps and advise on competently responding to the unknown and unexpected. In addition the book covers how to: Gain the respect and active support of the workforce. Work effectively with unions and customers. Create a culture for change. Actively seek out key people in your organization. Diplomatically buck the system. Extend lean to the entire enterprise. Develop and effectively earmark your plan for operation. Cultivate a winning relationship with your boss. Deal with major setbacks in business conditions. Throughout the text, Davis weaves the story of Jim Warring, a plant manager who is new to the job, detailing his frustrations, challenges, and accomplishments, and how he handles the daily responsibilities of a plant manager. At the end of each chapter, Davis rates Warring on how he performed in his role as plant manager and as a leader of the plants lean initiative by presenting The Warring Scorecard. Davis points out where he succeeded, and where he made some serious mistakes. *Leading the Lean Initiative: Straight Talk on Cultivating Support and Buy-in*, is a valuable resource or all managers in any industry. This book will show you how to effectively lead in your organization and how to cultivate a cooperative environment.
