

A Legacy of Kings...Israel's Chequered History (Search For Truth Series)

Apart from the most famous kings, such as David and Solomon, many of the rest of the kings of the Old Testament have faded into obscurity - the life-lessons that can be applied to the lives of Christians are often over-looked as a result. Bible teacher, missionary and radio broadcaster, Brian Johnston rectifies this by bringing twelve of these kings back into the spotlight. You'll encounter good kings, bad kings, good kings that went bad and bad kings that came good! All of them, though, have something important to teach and challenge us as we look to serve the great and faultless King Himself - Jesus Christ. If Jotham, Rehoboam, Hezekiah, Manasseh and the rest have become strangers to you - why not get reacquainted?
