

Animal Safari - Orangutans

This is the first title in the Animal Safari series, new from National Geographic, which features animals especially appealing to very young children. National Geographic's spectacular photography takes young readers to the rain forest world of the orangutan. They'll learn about this appealing creature's behavior and environment as they watch it swing from branch to branch, build new nests, and gather food. Full-color, action-filled photography by world-renowned wildlife photographers and engaging, age-appropriate activities make this small, sturdy book with rounded corners perfect for young minds and hands.
