

# Can We Share the World with Tigers? (Wells of Knowledge Science (Hardcover))

Bengal tigers are an endangered species due to many human-caused factors, such as poaching, habitat destruction, and global warming. In Robert Wells signature style, this book explores these difficult topics in a child-friendly manner with endearing illustrations--and it gives kids ways they can help to save the tigers, too.

Ancient Science & Medicine 1 Philosophy, Theology & Science 1 You are looking at 1 - 10 of 118 items for : Can representations contribute to their extinction?
